

DUAL TELESCOPIC VENT

- STOCK CODE - ANC-AB
- PACK SIZE - 16
- COLOUR - BLACK
- AIRFLOW - 6,500MM²

Adjustable ventilator to provide ventilation beneath our precast ground floors. The vertical height of the ventilator unit adjusts to suit between 5 and 7 brick courses (375mm-525mm) with a minimum cavity width of 50mm. The vents come complete with incorporated grille to prevent vermin entry.

We have an extensive range of easy-to-fit horizontal and vertical extension accessories, that do not restrict airflow, to adapt the unit for various applications.
